Single Chip Projectors

I600
Expanded immersivity

WOW quality with premium 4K images at a 120Hz refresh rate

Single person lift thanks to compact and lightweight design

Next-gen Barco Pulse platform and SuperShift technology

Smooth integration in single- and multi-channel set-ups

G Series Projectors

G50

- Brigthness from 6,000 to 8,000 lumens
- Available in both black and white versions
- Market-leading energy efficiency of up to 18 Lm/W

G60 and G62

- Brightness from 7,000 to 13,600 lumens
- Available in both black and white versions.
- G62: 4K compatible and 3D-ready

G100

- Single-chip high-brightness up to 22,000 lumens
- Up-to-date input capabilities (HDMI 2.0 & DP1.2)
- Full operational flexibility through wide lens range

LCD Video Walls

LVD-5521C

55" extreme narrow bezel (ENB) LCD video wall for entry level and mid-end applications

• 500 Nit brightness, ENB generation
• Superb inter-tile color and brightness
• User-friendly video-wall setup and control interface
• Sense X brightness and color automatic calibration with integrated sensors
• Fan-less solution for noiseless performance
• Reduced energy consumption
• Optional 5-year service packages

KVD-5521C

55" ultra narrow bezel (UNB) LCD video wall for entry level and mid-end applications

• 500 Nit brightness, ENB generation
• Superb inter-tile color and brightness
• User-friendly video-wall setup and control interface
• Sense X brightness and color automatic calibration with integrated sensors
• Fan-less solution for noiseless performance
• Reduced energy consumption
• Optional 5-year service packages

Control Room Solution

Barco CTRL

Security by design

Cybersecurity: it is the most critical requirement for control room equipment. And it continuously gains in importance. Designed to uphold the highest levels of cybersecurity, Barco CTRL allows users to securely connect to their sources, from any location, and interact with the content on any video wall or operator desk.
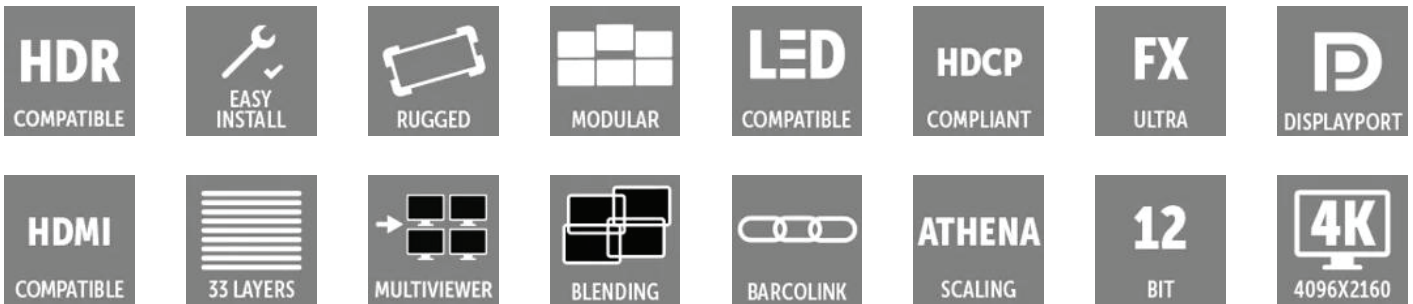

EVENT Controllers

E2 Gen 2

Full show control in a single box

- Increased 4K input capacity
- Easy and reliable show setup and production
- Flexible layer management system
- Intuitive user interface

HDR COMPATIBLE	EASY INSTALL	RUGGED	MODULAR	LED COMPATIBLE	HDCP COMPLIANT	FX ULTRA	DISPLAYPORT
HDMI COMPATIBLE	33 LAYERS	MULTIVIEWER	BLENDING	BARCOLINK	ATHENA SCALING	12 BIT	4K 4096X2160

EC 50

Compact event controller

- Cost-effective controller
- Full show control at your fingertips
- Instant access to crucial functionalities

EC 30

Small event controller

- Specifically designed for small events
- Full show control at your fingertips
- Instant access to crucial functionalities
